

## The worldwide galvanizing industry's meeting place - register now!

**EGGA-Galvanizing Europe and Zinkinfo Benelux are pleased to announce that registration is now open for Intergalva 2024 in Bruges!**

The conference will focus on the decarbonisation challenge and galvanizing's contribution to the circular economy. Sessions will cover technical, commercial and environmental topics for the general (batch) hot dip galvanizing industry.

The conference programme will be announced shortly and will be accompanied by optional masterclasses on key topics: Improving Energy Efficiency; Zinc Consumption and Kettle Maintenance; Optimising Pre-treatment; Improving Workplace Safety; Carbon Footprinting and EPDs for Galvanizing; Productivity and Jigging; Understanding ISO 1461 and Related Standards; LME Seminar: Zinc Trading, Pricing and Hedging.

Optional visits to galvanizing plants in Belgium and the Netherlands are available on 13 and 14 June.

**Register by 12 April for early registration discount**

**Members of national associations worldwide can also receive a discount on registration fees (contact your national association for details). Member discounts are only applicable to registrations until 12 April.**

Intergalva includes an an extensive exhibition of plant, equipment, materials and services for the industry.
